SCATTERGORIES ON THE GO

DECIDE HOW TO PLAY

Idea #1: Choose a category below and choose a letter. As a group or individually see how many items you can name that start with that letter. The person that can think of the most items for that letter is the winner. Or challenge the group to come up with x amount of items.

Idea #2: Choose a category below and take turns listing items starting from letter A all the way to letter Z. If you can't name an item that starts with the letter you're on and someone in the group can, then you're out for that round. Last person in the game wins! For younger kids let them be able to pass once or twice and still stay in the game.
